ROAD MAP AT KNOWLETTWOODS

To assure that we help you at each stage of preparation, we have divided our study material & training into **4 different phases:**
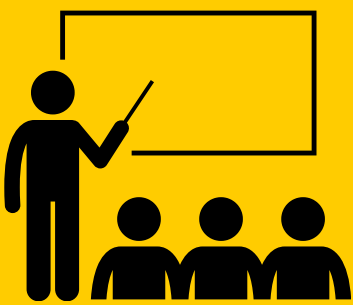

ASSESSMENT

- Expert consultants exercise a comprehensive training needs analysis.
- Helps the participants to choose the right certification.
- Understand the gaps in existing knowledge and skill sets.

PRE-TRAINING

- We conduct baseline assessment test and analyze current standing of the aspirants.
- Provide pre-training material and Agenda of the training program.

TRAINING

- Opportunity to interact with an experienced and certified trainer via Classroom/Live Virtual or E-Learning mode.
- Quality training, Value for Money, and Hands-on training backed by Best-in-Class Deliverables.
- Next step towards clearing the desired Certification/Competency Development program.

POST-TRAINING

- We help the participants to achieve the end objective of the training.
- End to End with regards to examination form filling process, we also offer comprehensive
- Mock Test and Doubt clearing sessions.

CERTIFICATION

- **Knowlettwoods** has been the First and till-date, the only training provider in India to offer the most transparent, easy to understand 100% Pass - Money Back Guarantee policy.
- A well sorted RoadMap leading to various Certifications like **PMP®, CAPM®, Prince2®** just to name a few.

APPLICATION SUPPORT

- To be eligible to go for the exam, you must fill PMP application form which have to be in a standard format which is accepted by PMI®.
- On the other hand, we give you some Pre-approved and pre-filled templates & excel files which are already approved by PMI® so you will take those templates as a reference and fill it with your own experience.
- Our support team will vet it and re verify it before uploading it on pmi.org. It will be our responsibility to get your application approved.
- One the application is approved, you need to pay the examination cost of USD$ 544 to PMI® on https://www.pmi.org/ to book your exam.

ELIGIBILITY CRITERIA

- Graduate/diploma holder/ needs to have **3-years work experience in last 5 working years** and **12th Pass needs to have 5-year work experience in last 8 years.**

- **3 year of work experience in Project Management domain.**

Important: 3 years of work experience in Project management domain doesn't mean that you need to have a tag or a designation of a project management. If you have worked within any 5 phase of a project, you are more than eligible to go for it. **For example**, You are working in the monitoring phase and you got some work from your Manger or from your Project lead so in order to deliver the output, You must have planned something, then initiated it, then monitored and controlled it and then ultimately provided the output to your project lead so in itself that's a project for you and we will be helping you end to end for the application.

- **PMI® Pre-Approved, 35 Contact Hours certificate - We will give you after the training.**

100

So we are working into this industry since 2007, so what we have analyzed in 2011 that people who are clearing this exam after the training from us are generally doing 3 things:

1. They are going for the complete training

2. They are attempting all our 10 mock test

3. They have appeared for the PMP® exam within 45 business days

So In 2011, we got these 3 conditions trademarked to our name by the name of **SureShot™ program and we offer 100% money back guarantee on above mentioned roadmap and 3 conditions.**

So this is tried and tested, if you follow the complete roadmap, you will end up clearing this exam at the first attempt.

It's a proven fact, that if you are focused about it and going through this roadmap, you will be able to give maximum output out of your learning during the exam.

- **You do not need to approach anyone for Mock test, books, trainer support, application support, doubts clearing session, we will be a one stop solution for all your PMP Training & Certifications needs.**

PMP Examination cost will be payable to PMI® Directly on https://www.pmi.org/

Training with an Authorized Partner is the only way to ensure you are learning from a PMI-vetted instructor.

Our instructors completed the Authorized Training Partner Train the Trainer PMP® Exam Prep program and are equipped to deliver PMP® exam prep (for the new exam on 2 January 2021) and training content to PMI's quality standards.
